Compostable Trash Bags

- ❖ Made from potato starch from non-GMO starch potatoes, blended with a certified, fully compostable polymer. NO PLASTICIZERS.
- ❖ Plasticizers migrate and cause mechanical properties to deteriorate shortening shelf life
- ❖ Potato starch made from “starch potato” varieties – grown for starch only – not good for food
- ❖ “Starch potatoes” require no irrigation, only natural rainfall
- ❖ To produce the same amount of starch from “starch potatoes” as from corn starch requires 40% less land.
- ❖ Bags are 100% certified compostable and should be composted in municipal or commercial compost facilities where available
- ❖ Plasticizer free and polyethylene free
